FILTERING PROBLEM SOLVED.

Prof. Wharton's Discovery for Clarifying Our Water.

Residents of St. Louis need feel no further apprehension on account of the Drainage Canal waters, as this very water can be changed to a clear, sparkling drinking water by a discovery made by Prof. Wharton, Dean of Pharmacy Faculty, Vanderbilt University, Nashville, Tenn.

After much research and labor Prof. Wharton, who is known as one of the leading chemists of this country, has perfected a compound that will clarify water as if by magic. This compound has been subjected to the most severe tests, and has been indecsed by leading physicians and chemists. The action of the compound upon the water is purely mechanical, it taking

the organic matter together with the perms to the bottom of the vessel. The compound has no chemical effect, making no change in the moto or properties of the water. Water charles with this compound can be used for drinking without boiling or libering

The cheapness of the compound permits by extensive use for domestic purposes and will be greatly approclated by economical housewives, who know the value of clear water to the landery. A large barrel of water can be made as a lear as crystal by stirring two teaspoonsful of the compound in it and allow tog it to stand over night. A one-pound package, cesting 25 cents, will clarify one thousand gallons of water. The Anti-Monopoly Proz Co., 600 and 602 Market street, are sole agents

or St. Louis. Water clarified by this compound can be seen on exhibition at their store.

BETHESDA HOME FOR INCURABLES ON VISTA AVENUE AS IT WILL APPEAR WHEN COMPLETED.

ayette Park Presbyterian Church, chaplanof the home, read the Scripture and of fered the opening prayer. Doctor E. W. Saunders, who has been physician to the nstitution since its ormin some ten years igo, was to have read a historical state ment, but was not able to be present. Mcs. Hoger Hayne, superintendent and founds Saunders's place, referring briefly to the trials through which the home had passed and spoke hopefully of the future, The address of the occasion was delivered

by the Reverend Doctor R. D. Smart, pastor of Cook Avenue M. E. Church, South, who said that the building in process of he Christ, when he took little children a his arms and blessed them. He said his was particularly true of the Home for neurables, which was in imitation of him in the bending of the sick and infirm. which was being done with no thought

The doctor said, however, that there we are reward connected with all such works of hose who were being benefit to ere to be benefited; se oud, in the sess of maying helped those who are help Master, third that there was a satisfacts sisting the needy, there was no innstrate of the principle involved in the promise "hrist, "Ask and we shall receive." In the onnection attention was called to the far hat this gift came, not from solicitation or all who had made possible the Rethesda Home, when Chits should say a thresha Home, when thirst should say last: "Come, ye blessed, for I was bound and ye fed me, athirst, and ye give drink, naked, and ye clothed me, athiry e ministered unto me." The factor startier, that he rejoical in the cook cause it illustrates the two great proples of thristianity faith and works," relation is twen these to illustrates.

elation between these he likened anna than I the branch to the vice, as meanably to of the branch to the vios, as normally interdependent.

This was illustrated by ref force to
Muellet's great work in bondon, and to a
conversation be had had with Cordinal
Maining of that same rity who, after
showing bim the plans of a proposed cathedral, said: "I chall be satisfied, if, in
my lifetime I shull see the site paid for and
the foundation faid." The address reacing
est with a word or encouragement to the
women who had been so closely its rided
with the work for years, saying that "it
necessary God would send an angel in roll
away the stone from the separature as of
oid."

16. M. Scruggs officiated in the formal lex-It. M. Staggs officiated in the formal baying of the corner atone, and said "the
building to be erected on this foundation is
an expanent of our Christian rividization,
and its charitable uses are destined for
the sick, and especially the from the sick, and especially the from the
serving. Appropriately inclosed in its corner stone, when it may be uncovered, there
shall be found historic records and memortals of this occusion, which are now deposited by little Ruth, one of the beneliciaries of the institution, who has been
taught to waik by faith and not by sight.

The depositing of the records referred to
by little Ruth was pathetic in the extreme,
Sightless, the little one stood beside Mr. The depositing of the colors of the extreme. Sightless, the little one shool beside Mr. Strings, depositing the documents, the brone, pratiling all the while, and when all had been put in the copper box she reached out her hand for more, and said: "We must put a Bible in this box, too." Accordingly, a Hible was brought, and as it was placed by her there was scarcety a dry cyclamong the spectators.

When the stone had been laid, Mr. Scruggs added: "In the name of clod, the Father of all, and of our Savior, lesis, Christ, and for the uses of Christian charty, patterned after the examples of our divine Lord, to whom were brought the sick with divers diseases, this corner rione is laid."

The consecration prayer was offered by

laid."
The consecration prayer was offered by the Reverend Deeter M. Rhedes, paster of St. Mark's English Linheran Church and the ceremony closed with singing "Faith Is the Victory" by the entire audience.

NEWS OF THE CHURCHES.

Children to Sing for Admiral Dewey-Concerts.

Textricina, Tex., April 16. The post office at Enckner, Ark, about forty miles north of this place, was entered last night by robbers and loosed. The safe was blown open and \$50 in currency extracted. The in-The St. Louis Sunday-school Union is arranging to have 10,000 Sunday-school chilreduces and looted. The save was blown open and \$50 in currency extracted. The introders riddled the drawers of postage amounting to \$51 and fled. From extdences at hand it is believed that the robbers are of the same gang that wrecked the train dren sing for Admiral Dewey at his recention in May, and in order to perfect artion in May, and in order to perfect arrangements, a special meeting is called of all superintendents, assistant superintendents, choristers, primary and other teachers for Friday evening, April 29, at the Y. M. C. A. Hall, Grand and Franklia avenues. The proposed reception to Admiral Dewey is to be held in the Exposition Colliseum, May 4, from 2 to 5 p. m. Tickets for admission to the chorus will be distributed to-day to all the schools of the city, and there will be district rehearsals and a grand rehearsal just prior to the reception. Columbia, Mo., April 14.—The shorthern breeders of Boone County organized to-day an association to advance the interest of the breeding of shorthern cattle. John Bur-rus was chosen president and Waiker Dor-sey secretary. About twenty members were consider. The Evangelical Lutheran Zion's Young Men's Society will give a concert at the Central Y. M. C. A. Hall, Wednesday evening. April 25, when the following ptogramme will be rendered: Part first—Plane duet, overture, "William Tell," Rosini, by Misses Annie L. Geyer and Annie L. Von der Ahe; cornet solo, "Long, Long Ago." Round, by R. Thomes; harp and violin duet, "Reverie," Miss Adelia M. Ghio and Charles Niggemann; quartet, "The Mighty

AGE OF EXPERTS.

Professional Excellence Can Be Attained Only by the Physician Who Concentrates All His Faculties on a Single Class of Ills.

W. A. COOK, M. D.

In almost every vocation specialty work is now called for and demanded. This is notably true when life or health is at stake. It is then that the less treatment the medical profession affords is sought after, and this can be secured only from the physician whose deep knowledge, expert skill, vast experience, and thorough scientific equipments have given him complete mastery over the diseases that constitute his specialty.

Whatever may be your affinent, get help from one who has made such cases special study. If your eyesight is failing go to a reliable optician or oculist. If your hearing is defective consult a competent aurist. If a bad teeth is distressing you engage the skill of a dentist, for if you are burning with fever or sinding with chills tell your troubles to a family physician. They can do you mers good than I can, for I do not treat such complaints nor pretend to cure them. But if you have a serious disease prising from or having its seat or origin in the

sexual system; if VARICOCELE, STRICTURE, CONTAGIOUS BLOOD POISON. NERVO-SEXUAL DEBILITY, or allied troubles are dipleting your masshoot; and if your case has been aggravated and made worse by the use of belie, specifics, free samples, trial treatments, electro-medical combinations or similar divices-if this is your unfortunate condition I want you to write me, or come to my office, where you will be welcome to private counsel, a careful personal examination, and an nonest and scientific opinion of your case free of charge.

These diseases and weaknesses of men, and they alone, are my specialty. To the I have earnestly and exclusively devoted thirty of the best years of my life, during which time I have discovered and developed various forms of treatment which make their cure an unqualified and absolute certainty. Is if not worth your while to investigate a cure that has made life anew to multitudes

VARICOCELE.

Whatever may be the cause of Varicoccie, its injurious effect is well-known. It depresses the mind, weakens the body, racks the nervous system and ultimately leads to a complete loss of sexual power.

If you are a victim of this dire disease come to my office and let me explain to you my process of freating it. You will then not wonder why I have positively cured more than 700 cases of Varicoccie during the past twelve months.

Under my treatment the patient improves from the very beginning. All pain instantly ceases. Soreness and swelling quickly subside. The peaks of stagnant blood are forced from the dilated veins, which rapidly assume their normal size. strength and soundness. All Indications of disease and weakness vanish completely, and in their stead come the prisic, the power, and the pleasures of perfeet health and restored manhead.

STRICTURE.

It matters not how long you have suff-red from Stricture nor how many different doctors have disappointed you, I will cure you just as certainly as you come to me for treatment. I will not do it by cutting or dilating.

My treatment is new, entirely original with me, and perfectly painless. It completely dissolves the stricture and permanently removes every obstruction from the urinary passage. It stops every unnatural discharge, allays all inflammation, reduces the prestate gland when enlarged, cleanses and heals the bladder and kidneys when irritated or congested, invigorates the sexual organs, and restores

health and soundness to every part of the body affected by the disease. CONTAGIOUS BLOOD POISON.

On account of its frightful hideousness contagious blood poison is commonly called the king of all venereal diseases. It may be either hereditary or contracted, Once the system is tainted with it, the disease may manifest itself in the form of scrotula, eczema, rheumatic pana, stiff or swellen joints, cruptions or coppercolored spots on the face or body, little alcers in the mouth or on the tongue. sore throat, swollen tonsils, falling out of the bair or eyebrows, and finally a

learners tike decay of the flesh and bone. If you have any of these or similar symptoms you are cordially invited to consult me immediately. If I find your fears are unfounded I will enfekly unburden your mind, But if your constitution is infected with contagious blood virus I will tell

you so frankly, and show you how to get rid of it. My special treatment for this disease is practically the result of my life work, and is indersed by the hest physicians of America and Europe. It contains no dangerous drings or injurious medicines of any kind. It goes to the very bottom of the disease and forces out every particle of impurity. Soon every sign and symptom of this disease disappear completely and forever. The blood, the tissue, the flesh, the bones and the whole system are cleansed, purified and restored to perfect health, and the patient prepared anew for the duties and pleasures of life.

MERVO-SEXUAL DEBILITY.

Men, many of you are now reaping the result of your former folly. Your manhood

is failing, and will soon be lost unless you do something for yourself, There is no time to lose. Impotency, like all sexual discuses, is never on the standstill. With it you can make no compromise. Either you must master it or it will master you, and fill your whole future with misery and indescribable woe, I have treated so many cases of this kind that I am as familiar with them as you are with the very daylight.

Once cured by me you will never again be bothered with emissions, drains, premiscureness, small or weak ergans, nervousness, falling memory, less of ambition or other symptoms which rob you of your manheod and absolutely unfit you for study, business, pleasure or marriage.

My treatment for weak men will correct all these sylls, and restore you to what nature intended-a hale, healthy, happy man, with physical, mental and sexual

ASSOCIATE DISEASES.

In curing an ailment of any kind I never fail to remove all reflex complications of associate diseases.

If the case is Variencele, the weakness caused by it disappears, If it is Stricture, and has developed into Prostatic. Bladder or Kidney affections,

the injured organs are all restored to a perfectly healthful condition. If it is Contagious Blood Poison, any and all Skin, Blood and Bone Diseases arising from the taint are entirely and permanently eliminated from the system.

If it is Impotency the many distressing symptoms following in its train and Indienting a premature decline of physical mental and sexual power are totally removed and rapidly replaced by the youthful energy of robust manhoed. Hence all resulting lils and reflex complications, which may be properly termed are

sociate diseases, and which, in fact, are often more serious than the original actment that gives rise to them-all, I say, disappear completely and forever with the cure of the main malady,

CORRESPONDENCE.

Most cases can be treated successfully at home. One personal visit is preferred, but if it is impossible or inconvenient for you to call at my office, write me a full and unreserved history of your case, plainly stating your symptoms.

Physicians having stubborn cases to treat are confially invited to consult me I make no charge for private counsel and give to each patient a legal contract in writing, backed by abundant capital, to hold for my promise,
